### CENTRE FOR EDUCATION

**Literature Searching for Busy Clinicians**

**Best Care:** Right Care  
**Standard:** Standard 14 – Information Management

<table>
<thead>
<tr>
<th>Aim of Program</th>
<th>Learn the fundamentals of searching for high-quality clinical literature to support evidence-based practice.</th>
</tr>
</thead>
</table>
| **Program Outline** | Topics and skills to be covered in the program include:  
- Choosing a relevant database to search, i.e. PubMed, EMBASE, etc  
- Accessing databases from both home and work  
- Designing a well-crafted search strategy  
- Searching with structured subject headings, i.e. MeSH headings  
- Using limits to narrow down results by relevancy  
- Accessing full-text papers and managing search results |
| **Program Eligibility** | The program is open to: all Western Health staff. |
| **Program Duration** | 60 minutes |
| **Facilitator(s)** | Steven Chang: steven.chang@wh.org.au  
Evelyn Hutcheon: evelyn.hutcheon@wh.org.au |
| **Course Coordinator** | Steven Chang  
*Librarian, Western Health Library Services*
