

The Western Health Foundation
Bequest Program

the WESTERN HEALTH
FOUNDATION

The Western Health Foundation was established in 2011, and is,

“Dedicated to raising funds to assist Western Health and the people of Melbourne’s west”.

The activities of the Foundation are directed towards the following objectives:

- To raise funds for the purchase of equipment and certain facilities at Western Health
- To fund medical research undertaken by Western Health
- To provide scholarships for the staff at Western Health

Funds raised by the Western Health Foundation are not used to fund general hospital operating expenses.

By making a bequest in your will to The Western Health Foundation you will be greatly helping us to support much of the great work that Western Health does in looking after the health and wellbeing of the people of Melbourne’s west.

The first Matron of Western Hospital was Mavis Mitchell. To recognise her wonderful contribution to Western Hospital a scholarship was established in 1990 by Western Hospital and the Western Hospital Graduate Nurses’ Association to provide financial assistance for continuing education for nurses and midwives at Western Health, or for the benefit of the community that is cared for by Western Health.

To further honour this remarkable employee, the Foundation has named our bequest program, The Mavis Mitchell Society.

By making a notified bequest to the Western Health Foundation we invite you to join the Mavis Mitchell Society and follow in the footsteps of this inspiring individual.

Your membership of the Mavis Mitchell Society will give us the opportunity to thank you during your lifetime for your generous support and to involve you in the activities and developments at Western Health.
