**Time:** 8:00am-12:30pm

**Venue:** SH WCHRE

### Course Aim:

The Central Venous Access Device (CVAD) Workshop is highly recommended for enrolled nurses, midwives, casual and bank staff and any clinical staff who have limited skills in the care and management of CVADs.

In this course, you will work towards the following outcomes:

- CVAD line Identification
- Pre and post care insertion care
- Care and Maintenance
- Safe administration of IV medication
- Identification and the management of complications
- CVAD removal

### Completion Requirements:

To complete this course, you will need to complete an elearning package, pass a quiz, attend a 4.5 hour face-to-face session, demonstrate skills in your normal work environment and upload the competency tool to Welearn.

**Target Audience:** Medical, Nursing, and Midwifery staff

**Facilitator/s:** Janet Monohan

**Enrolment:** Welearn: <https://welearn.wh.org.au>

**Inquiries:** Email [Welearn@wh.org.au](mailto:Welearn@wh.org.au)

Western Health

### ACKNOWLEDGEMENT OF COUNTRY

Western Health acknowledges the Traditional Custodians of the land on which our sites stand. The Wurundjeri Woi-wurrung, Boon Wurrung and Bunurong peoples of the greater Kulin Nation. We pay respects to Elders past, present and emerging. We are committed to the healing of country, working towards equity in health outcomes, and the ongoing journey of reconciliation. Western Health is committed to respectfully listening and learning from Aboriginal and Torres Strait Islander people and wholeheartedly supports their journey to self-determination.
