

Unfortunately Western Health has no capacity to accommodate your Radiology examination at this time due to the current COVID-19 (Corona Virus) situation.

We offer you the following two options:

- 1- Have your imaging performed at any practice in the community. The ones listed below have an arrangement to bulk bill **most** examinations sent by us and to ensure we receive your images back. (Please confirm bulk billing status for Western Health patients with the community clinic you would like to attend)
- 2- Delay your imaging until we have capacity to perform it in our departments.

If we currently have your referral we can send this to you via email or fax.

When you attend any other radiology clinic – please check that the clinic has an arrangement to send your images back to Western Health. If they do not – please ask them to forward your imaging to

'Attn Stephanie, Medical Imaging Department, Sunshine Hospital, 176 Furlong Road, St Albans VIC 3021'

Thank you and we appreciate your cooperation during this time.

Regards,

Western Health Medical Imaging Management Team.
