ACKNOWLEDGEMENT OF COUNTRY

Western Health acknowledges the Traditional Custodians of the land on which our sites stand, the Wurundjeri Woi-Wurrung, Boon Wurrung and Bunurong peoples of the greater Kulin Nation. We pay respects to Elders past, present and emerging.

We are committed to the healing of country, working towards equity in health outcomes, and the ongoing journey of reconciliation. Western Health is committed to respectfully listening and learning from Aboriginal and Torres Strait Islander people and wholeheartedly supports their journey to self-determination.

OUR VISION

Together, caring for the West

Our patients, staff, community and environment

OUR VALUES

Compassion

Consistently acting with empathy and integrity.

Accountability

Taking responsibility for our decisions and actions.

Respect

Respect for the rights, beliefs and choice of every individual.

Excellence

Inspiring and motivating, innovation and achievement.

Safety

Prioritising safety as an essential part of everyday practice.

OUR PURPOSE

Working collaboratively to provide quality health and well-being services for the people of the West.

OUR PRIORITY

Safe and effective patient care

People and culture

Community and partnerships

Research and learning

Self-sufficiency and sustainability

About Us

Western Health provides a comprehensive, integrated range of services from its various sites; ranging from acute tertiary services in areas of emergency medicine, intensive care, medical and surgical services, through to subacute care and specialist ambulatory clinics. Western Health provides a combination of hospital and community-based services to aged, adult and paediatric patients and newborn babies.

Employing over 11,000 staff, Western Health has a strong philosophy of working with its local community to deliver excellence in patient care. Western Health has long-standing relationships with health providers in the Western region of Melbourne and strong affiliations with numerous colleges and academic institutions.

Our community:

- Is amongst the fastest growth corridors in Australia
- Has a population in excess of 800,000 people
- Has a diverse social and economic status making it one of the most culturally diverse communities in the state with more than 150 different languages and dialects
- Western Health's catchments include the following local government municipalities:
 - Brimbank
 - Hobsons Bay
 - Maribyrnong
 - Melton
 - Moonee Valley
 - Moorabool
 - Hume
 - Wyndham

Closing the Gap

Western Health is committed to achieving equality in health status between Aboriginal and Torres Strait Islander peoples and non-indigenous Australians. Western Health has reaffirmed its commitment to improving the health of Indigenous Australians residing in the Western suburbs after becoming an official signatory to the national Closing the Gap campaign.

Western Health manages four acute public hospitals: Footscray Hospital, Sunshine Hospital, Williamstown Hospital and Bacchus Marsh Hospital. It also operates the Sunbury Day Hospital, Bacchus Marsh and Melton services and a Transition Care Program at Williamstown. Western Health offers a wide range of services based across many of its sites.

Our sites:

- Sunshine Hospital
- Sunshine Joan Kirner Women's & Children's
- Footscray Hospital
- Williamstown Hospital
- Drug Health Services
- Sunbury Day Hospital
- Bacchus Marsh Hospital
- Bacchus Marsh Community Health Centre
- Grant Lodge Residential Aged Care
- Melton Health
- Melton Health & Community Services

New Footscray Hospital Project:

The Victorian government has provided up to \$1.5 billion to deliver a new Footscray Hospital.

The new Footscray Hospital- the largest ever health infrastructure investment in the State - will have an increase of nearly 200 beds, and will treat approximately 15,000 additional patients and enable around 20,000 additional people to be seen by the emergency department each year. Construction is now underway, with the hospital expected to open in 2025.

Graduate Nurse Program Year 1

Grad+ Year 2

We offer a comprehensive program, to assist you with transitioning to the role of registered nurse. This program will enable you to deliver safe, effective patient care in a supportive environment. You may elect to exit the program at the end of the first year.

Aim

The aim of this program is to develop graduate nurses who are resilient, reflective practitioners whilst learning clinical reasoning skills and demonstrating safe and effective care of patients at all times.

Learning Outcomes

By the completion of your graduate program you should be able to:

- Demonstrate resilience in your working life and have developed strategies to deal with difficult situations
- Effectively plan for the day and seek help at appropriate times
- Demonstrate the ability to perform all the clinical skills you have learnt during the program
- Demonstrate the ability, at a beginning level, to utilise clinical reasoning in your daily practice
- Reflect on your practice and strive towards constant improvement

Support

We are committed to offering a supportive program during your graduate years:

- A hospital orientation day and two graduate study days when you commence
- In each of your rotations you will be allocated a preceptor
- On each ward there is a ward based educator who will assist you in your transition and offer you a range of learning experiences throughout the program
- Your ward educator will complete your appraisals
- Five supernumerary days for your first rotation, and two for your second rotation
- Two further graduate specific study days
- Regular debrief sessions throughout the program
- A monthly debrief and regular on-line mini-modules with associated bedside coaching for the remainder of the program of the first year
- Two academic subjects that attract university credit in your second year

Expectations

As a graduate nurse you are expected to complete all the requirements of the graduate program:

Graduate Nurse Program Year 1:

- Attendance at all graduate study days
- Completion of all mandatory competencies
- Completion of a project each rotation
- Successful completion of all elements of the graduate nurse year

Following the completion of Year 1, graduates have the option to participate in an extended Grad+ Year 2 program.

Grad+ Year 2:

*Optional

- Completion of two university accredited subjects
- Completion of two further clinical rotations speciality based
- Completion of all annual mandatory competencies

Grad+ Year 2 Offers:

Option to stream into areas of interest

Participants offered **two further clinical rotations** in areas of your choice

Participants to complete **two university accredited subjects** at **no cost**

Participants to receive **individualised career planning** in the second half of the program to assist with career goals.

GRAD + PROGRAM

Continue your Journey with Western Health

Graduate Nurse Program Year 1 Rotations

Western Health offers two (2) rotations during the first 12 months, with the view to consolidate nursing knowledge and skills within a supportive environment.

We offer a wide range of clinical environments for graduates to work in. Graduates will be asked to nominate rotation preferences to be considered when allocating rotations for the year.

BEYOND THE GRADUATE PROGRAM

Western Health is a **Registered Training Organisation** that provides staff with an opportunity to complete accredited training on-site. We are pursuing multi-disciplinary approaches, patient-centred care and lifelong learning to develop & foster a highly skilled workforce which will support excellence in practice and career progression opportunities.

Postgraduate programs and short courses are available to staff. All programs incorporate content on current trends, research and best practice standards and utilise the services of suitably qualified and vocationally experienced educators and clinicians.

Postgraduate study scholarships are also on offer for those undertaking formal postgraduate programs to receive financial assistance to support the cost of their studies.

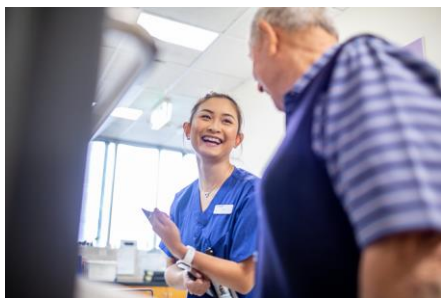

GNP INFORMATION NIGHTS

Sessions will be held via Zoom.

Dates: **Thursday 16 May 2024 4.30 PM**
Thursday 23 May 2024 4.30 PM

Visit the GNP webpage for further details.

TESTIMONIALS

"I found that overall, Western Health offered great support and provided me with an opportunity to consolidate my skills and further my knowledge. I have also made lifelong friends and networks..." *C.L Nursing Graduate*

"I chose Western Health as it offered a wide range of clinical areas in a multi-culturally diverse community. I liked the six month rotations as it was an adequate period of time to settle in, consolidate and develop my skills whilst having a real sense of belonging. *M.N Nursing Graduate*

"It has been very beneficial to come together and debrief as a group at the GNP Time Outs where we discuss effective ways to work and problem solve with our graduate educators and preceptors." *C.G Nursing Graduate*

"I love the culture at Western Health. I feel really supported and I am looking forward to my future opportunities here. The new Footscray Hospital is exciting and I can't wait to be part of what will be a state-of-the-art healthcare precinct." *A.A Nursing Graduate*
